

ACHIEVE – COURAGE – COOPERATE – RESPECT

FROM THE PRINCIPAL – MRS JACQUI VANDELEUR

As we enter into Week 4 of last term of school, I would like to start this newsletter by wishing our Year 12 students the best of luck as they complete their exams and assignments over the next fortnight. This is a really exciting time for our students, and I know that their hard work and dedication will pay off in the coming months. We celebrated our Year 12 students in a farewell assembly last Thursday, a highlight for me being their buddies in Foundation who presented them with cards and a beautiful video to farewell them from KAS.

DIARY DATES

Term 4

- 10th November Year 11 Mental Health First Aid
- 13th November Year 9/10 Art Excursion
- 13th November KAS Remembrance Day Service
- 14th - 16th November SAPSASA Boys Cricket
- 14th November Lego League Excursion
- 14th November Youth Opps Prosper Session 9.00am
- 17th November Year 9/10 Drama Night
- 17th November Year 7-11 Assembly 2.25pm
- 20th - 22nd November SRC Hiking Camp
- 21st November Kindy Parent Night 5.00pm
- 22nd November Finance Meeting 12.05pm
- 22nd - 24th November SAPSASA Tennis
- 24th November F-6 Assembly 9.05am

Last week we also saw Ms Price and her Year 4 students head to Roonka for their camp. From all accounts the students, staff and parents had a wonderful time with everyone sleeping very well on return. Mr Wotton and Ange accompanied the Year 10's to Adelaide for their Career Camp. The stories I have heard sounds like the group had some eventful times, with some students confusing a train with a tram – I'm glad they made their way back to the campground successfully. This is a wonderful opportunity for our country students who often only experience public transport for the first time on this camp. Thank you to the staff and parents who give up their time to organise and take our students on these adventures, this is truly where the memories of school are made.

A huge congratulations to our Year 9/10 boys' basketball team who are the state basketball champions. The boys played 3 rounds of basketball to qualify for the state final which is a wonderful achievement.

World Teachers Day was celebrated at the end of October with a beautiful spread of morning tea, self portraits and cards to our staff. Thank you to all our wonderful teachers at KAS who bring the joy of learning alive each day to our classes.

I would just like to remind students and families about appropriate dress code to school. Where possible, students are asked to wear full school uniform each day which follows the uniform policy. As school is an active environment involving students in both theory and practical subjects, the length of shorts and school dresses also needs to be adhered to. I would encourage students to also think about appropriate footwear, particularly as we enter the warmer months.

FEEDBACK

At Keith Area School, we value the input that we receive from parents and community members. If you would like to provide the school with some feedback, there are many ways that you can get in touch with us. In person, speaking to a teacher, leader or another staff member. You can also provide us feedback in writing via a letter or email to dl.0757.admin@schools.sa.edu.au

On Friday 27th some of our SRC and staff had the pleasure of meeting our Premier Peter Malinauskas who was visiting the Don Mosely playground. I congratulate those involved in the work they are doing around raising funds for the new playground and look forward to being able to support where we can. Our local MP Nick McBride will be visiting with me in a few weeks to tour our school and have some discussions about how we can make Keith Area School the school of choice for all our students.

As a school we are currently reviewing our communication processes with families and the wider community, and I thank those who have provided me with feedback thus far. A goal of mine is to increase communication with all families so that you are gaining the information at the correct time and with ease. I will continue to update you throughout the course of this term and as we enter the new school year with any changes and platforms we may continue or cease to use.

FROM THE PRINCIPAL CONTINUED – MRS JACQUI VANDELEUR

With the busy end of the term quickly approaching I ask that all readers keep up to date with events that may be occurring for their child/children- particularly our end of year celebrations. Like always, should you require any information please do not hesitate to contact your child's class teacher as a first contact.

Enjoy the warmer weather and longer days – until Week 8.

On Friday 3rd of November our Student Free Day had staff engaged in some in depth learning activities in preparation for the 2024 school year. PAT data was unpacked in session 1 with staff reviewing both the reading and maths data from tests undertaken earlier in Term 3. This was a great opportunity for staff to work in faculty areas and with like year level teachers to plan for student engagement in 2024. Our middle session of the day saw our primary staff working with our project officer Tamra Waye around the student misconceptions in mathematics and how staff can best support with our classroom intervention. Our primary team will be taking a different approach to math intervention next year and we are really excited to role this out in the new school year. Our secondary team worked with our secondary project officer Martin Gray around our Site Improvement Goal of writing. Staff delved deeper into the misconceptions in student writing and where lift is required. Several staff, both primary and secondary have reviewed a new writing scaffold which we are keen to implement in 2024 across Years 3-10. This scaffold was then shared to the secondary team and further work was done to support this implementation.

Our afternoon had staff working with one another to construct thorough learning and educational units for 2024 so that staff are sharing knowledge and resources across like year levels such as Year 5/6 to Year 7/8 teachers. This came from feedback from our External School Review (ESR) earlier in Term 3. By having strong collegial conversations, we can ensure we are entering into the new school year with consistency and with clear guidelines of what we expect from one another.

Our SSO's had some time to organise curriculum by supporting Mrs Rasheed with the drama room and its costumes and equipment. The middle session of the day was spent with the wonderful Jo Menz engaging in personal self-development and teamwork. Jo is a trained social worker, and we are lucky to have her in our school community supporting staff on these days. Student Free Days are an important time for staff to engage in learning about our students so that we are continually reflecting and improving our teaching methodologies and pedagogies.

Primary Assistant Principal News

Mrs Kristy Clark

Concert

On Wednesday the 13th December Keith Area School is holding their annual Christmas concert. Ella, Crystal, Holly and Hannah have been working hard to create a market stall this term.

They will be selling their food and crafts from 5-6pm.

A list of items that will be made and sold are:

- Lucky Dips
- Guess how many lollies in the jar
- Necklaces
- Cupcakes
- Biscuits
- Frog in the pond
- Slime
- Keyrings
- Popco

Please come along and support the girls.

The SRC will be selling BBQ Food, lollies and drinks from 5pm to 6pm.

Come along for some dinner and fun before the concerts begins.

Term 4

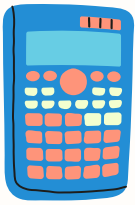

Welcome to the busiest but most enjoyable term of the year. The term has started with the excitement of the Year 4/5 camp. It has been lovely to hear all about their adventures.

A big congratulations to Mrs Culley and her fantastic choir. I was very fortunate to attend the rehearsal in Mount Gambier. The students were well prepared, and I would like to thank Mrs Culley for her hours of preparation. It was amazing!

Last Friday the teachers participated in a training day at school. We took the opportunity to analyse our PAT data. We focussed on analysing student misconceptions in Maths. After analysing the data, the primary teachers worked with a Maths Project office to discuss and plan ways to improve our maths teaching and intervention practices. It was a fantastic day of learning and we are looking forward to putting our new learning into practice.

It is a very busy time of year and our hard working teachers have many events that they are coordinating. All excursion and swimming forms will be sent by email. Please ensure you are returning forms by the required dates, it saves a lot of time if we are not having to chase people up. If you are experiencing any financial difficulties, please phone our lovely Business Manager Fiona, she is always available to help.

SWIMMING Lessons

Dear Parents and Carers,

We will begin swimming lessons on the 4th of December this term, this is an important part of our Health and PE curriculum and is an expectation that all students attend.

We have included a timetable below that indicates the days each class will be swimming. Please ensure your child brings the following items to school on the indicated swimming days in a small bag:

- Bathing (if swimming in lessons 1 or 2, students can come to school in their bathers, with their uniforms over top, please remember to pack underwear that day)
- Rashie/T-shirt - due to our sun safe policy, children will not be able to swim unless they have a rashie or nappy.
- Towel
- Sunscreen - the school does not provide sunscreen
 - * Goggles (if required)
- Pair of slip on shoes to walk over to the pool and back in (strong, criss or sandal)
- Hat for walking over to the pool and back, this can be a school hat
- Medication - We will take medication from the front office over to the pool with us. Please ensure that the front office has required items (e.g. plasters, bee sting medication).

The children change at school, we don't take any clothes over to the pool.

You are available to help with walking over to the pool and changing please let your class teacher know the day and time you are available. The lesson times are slightly different to our normal class lesson times. Please keep this timetable in a safe place.

If you have any questions please contact your class teacher or Kristy Clark, kristy.clark@kcas.wa.edu.au

Secondary Assistant Principal News

Ms Chantelle Lucas

Welcome back to Term 4 and the rapidly approaching end of another school year. We are looking forward to finishing the year strong in our learning and achievement and with some fun activities to celebrate a year of hard work.

Students are working hard in class through the final topics and tasks of the year. Keep an eye on Daymap for homework and assessment tasks and due dates, which teachers will keep updating frequently.

Last week we farewelled our Year 12s, and this week we have run a number of Year 12 exams. I would like to thank our entire staff, with a special mention to the library staff, who have been very diligent in keeping the exam space in and around the library quiet and free from distractions during this week.

END OF YEAR

Term 4 is extremely busy with lots of end of year activities and events.

Our Year 12 teachers are busy finalising their subject results and invigilating exams, and we thank them for their hard work this year in supporting our Year 12s across a range of subjects.

Year 11s are doing their final assignments, and they will finish up at school at the end of Week 7 with another work experience week in Week 8, and Year 10s finish off in Week 8 with their work experience in Week 9. Students are reminded to keep returning their forms to me - which are due at the start of Week 5.

We are looking forward to wrapping up a busy and exciting year with these events and many more this term:

SRC End of Year Camp

Year 6 Transition Parent Night, and Transition Days

Swimming Lessons for Year 7s

Year 12 Formal

Year 7, 8 and 9 Activities Week

Year 10 and 11 Work Experience

Celebration of Success

RAP PRESENTATION

In Week 2 the MFS Road Awareness Program came to Keith to present to our Year 10 and 11 students. Joel and Yudhi gave a powerful and emotional presentation about road safety and risk taking behaviour.

Joel was a firefighter and talked to the students about the statistics of road crashes per age group and the types of crash sites he has witnessed over the years. He also talked about the impact of road accidents on the firefighters, police, paramedics, family and friends of the person in the crash, let alone the impact of injuries and trauma on the person themselves. He also encouraged students to be active if they are a passenger in an unsafe driving situation - and to use positive peer pressure to discourage their mates from taking risks and making irresponsible decisions on the road.

Yudhi was a survivor of a car crash as a young man, with a young baby and a promising career ahead of him. His wife and baby came upon the crash site by chance and witnessed him on the side of the road being worked on by the paramedics. Yudhi shared his decades long story of being in a car crash, and the ongoing and debilitating impacts of his injuries on his life, his career, and his family to this day. His story was extremely impactful and had a powerful effect on our students.

We encourage families to have discussions at home about safe driving and being a responsible driver and passenger. Presentations like this are always a powerful reminder that a split second decision can have a lifelong impact. Feedback from students has highlighted the importance of these sessions to them as Learner drivers or P Plate drivers.

We have already booked in our session for 2024 and look forward to RAP coming back to Keith.

Year 12 Farewell

In Week 3 our Year 12s celebrated their final formal week of school with some dress-up themes and other fun activities.

We farewelled the Year 12s at an F-12 assembly on Thursday of Week 3, where Mrs Smith's Foundation students presented the Year 12s with a card and a special video message.

We wish our Year 12s good luck with their exams and final results, and wish them the best in their future.

Show Team

Update

Our final Show outing of the year saw Acacia, Holly, Milly, Angel, Alice & Mr. Wotton head to the Mount Gambier Show for the school's steer competition. A big thanks to our breeders - Woonallee Simmentals, Argio Park Square Meaters & Morganvale Poll Herefords for their support.

On the hoof, Morganvale Tippet won 4th Place in the Lower Heavy Class. Argio Park Laurie - also claimed 4th Place Light Class. On the hook all steers fared well, particularly Argio Park Laurie who won the Grand Champion carcass.

A big thankyou to James Pitchford for helping us prepare the cattle, and members of the Ag Committee for their ongoing support. This was our first time at the Mount, and it's been a great opportunity for our students to develop some new skills in a relaxed learning environment.

ICAS ACADEMIC COMPETITION

Congratulations to all the award winners of the recent ICAS Academic Competitions! These competitions showcases the incredible talents of students across Australia, bringing together diverse schools, cultures, and values in a spirited academic challenge.

LEGO LEAGUE

In week 2 this term, we were lucky enough to have past competition winners from Naracoorte PS visit our school to share their ideas and experience with the KAS team.

Please wish us luck as we travel to Mt Gambier in Week 5 to take on schools from all over the South-East in our first Lego League Challenge competition!

Ben Judson
Learning and Engagement Coordinator
Years 5-9

WHAT IS LEGO LEAGUE?

FIRST® LEGO® League at KAS introduces science, technology, engineering, and math (STEM) to children ages 9-16 through fun, exciting hands-on learning. Participants gain real-world problem solving experience through a guided, global robotics program.

The program aims to inspire youth to experiment and grow their critical thinking, coding, and design skills through hands-on STEM learning and robotics.

YEAR 10 CAREERS CAMP

This year our class had the opportunity attend careers camp. We started the camp early, arriving at school at 7:00. Departing at 7:30, we drove to Adelaide. First, we went to Flinders University. There we did an initial tour of the premises. From there we went into a workshop, rollercoaster construction. This required us to put our physics skills to the test to design and create the fastest rollercoaster. We then had lunch at the university and drove to flinders living. Holly Wilson, a former student at our school gave us a quick tour of the dorms and the living space. We then made our way to Tonsley Tafe where we walked through the workshop. There were many trades such as plumbing, electrical, painting, sign making, building, air conditioning and much more. This made us think of different jobs and careers we could choose to do. The tour guide then talked us through the many different ways that we could make use of TAFESA, and how we could choose to do an apprenticeship with them as well. We then went to Belair National Park, where we spoke to a park ranger about his role and what they have to do to ensure that they keep all of the national parks safe and free of pests.

On the second day of the camp, we took a train into the CBD and went to the Defence Force Careers Recruiting Centre, where Dan gave us a talk on what happens and how you join the defence force and all the perks and benefits that come from it. From there we then did a scavenger hunt. Our task was to go around Adelaide with a booklet and take pictures and record all sorts of different things. The task was very enjoyable and the whole class had a blast. We then took a train down to the Adelaide Central Markets, where we got the chance to look around, but with an objective. The objective was to pretend you were an entrepreneur and think of a stall you would like to set up in there. We then pitched these ideas to Mr Wotton and Angela.

On the last day we stopped in Murray Bridge for lunch, and went to Moore Engineering and Mechanical, who showed us around their workshops. This was enjoyable for the whole class as we got to see how they make the fire trucks for the CFS, MFS, and the Parks and recreations team. They then gave us a demonstration on the trucks and all of the safety features that they have created to ensure that the truck is the safest it could be.

On behalf of the entire class, I would like to thank Mr Wotton and Angela for their tremendous efforts and for putting in all their hard work for making this camp a success.

Written by Jack and Jess.

SURF CAMP

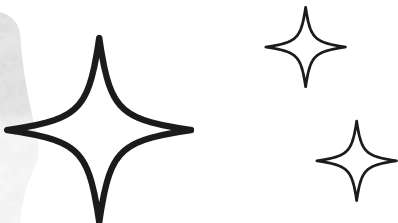

This term SACE students from Physical Education and Outdoor Ed used their knowledge of skill acquisition and outdoor activities on surf camp. Thanks to Charlie, all student's did an awesome job on the waves so look out for our surfing pro's at a beach near you these school holidays.

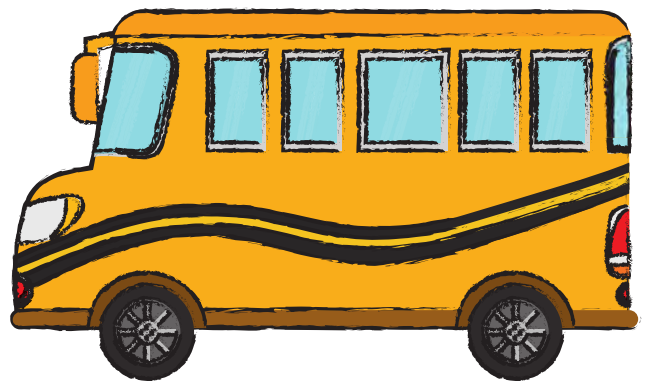

SOUTH EAST SCHOOL CONCERT BAND

On 7th and 8th of November the South East Schools Concert Band performed at several schools in Mount Gambier, Yahl, Naracoorte and Keith. The band consists of Primary and Secondary instrumental music students from schools all around the South East, including Keith. Woodwind and brass instruments can be learnt at KAS from grade 4 through the Instrumental Music Programme. It was great to watch a live performance and hopefully inspires a new generation of musicians!

CENTRAL MARKET EXCURSION

On Friday the 22nd of September the Stage 2 Food and Hospitality class travelled to the Adelaide Central Markets. Equipped with their shopping list, the students spent the day wandering through the markets surveying the fresh produce available. During their visit the students needed to compare costs and find the most suitable option for their menu. Upon returning to school the students used their selected produce to create a fresh, spring inspired three course meal consisting of Cold Rolls, Greek Salad and Pavlova.

CHOIR

Congratulations to Mrs Culley and her amazing choir. They went to Mount Gambier to rehearse for their big performance. If the rehearsal is anything to go by, the parents will be in for a real treat! A big thank you to Mrs Culley for her outstanding organisation of this talented group of students.

ROONKA CAMP

'Yes, we're going, finally, camp, here we come, woo hoo'. The excitement was palpable as we headed away from school for three days and towards Roonka. Playgrounds were explored and ranked with Tailem Bend and Tintinara coming a joint first.

We arrived at just gone 2pm and got settled into our dorms then it was straight into the activities. We started with the team games then became decidedly wet.

'It's like a warm bath', could be heard along with squeals of delight, or groans of dismay, as feet sank into the thick mud at the bottom. The flying fox was a great hit along with the slide into the River Murray. Of course, two adults had more fun than the kids. Aaron and Miss Price became experts at the flying fox, which including dunking half way across. The slide into the River Murray was great fun with students and adults alike going forwards, backwards, lying and sitting. This was an activity that we didn't want to end.

There was so much food that every 90 minutes we were eating fruit, chips, muffins, sausages, bbq or any combination of said delights.

Other activities included raft building (or falling apart as the case may be), orienteering where we didn't even lose a child (but we did all follow a leader!), fishing and gabbying and wet and wild relay games.

It's dark, the birds are asleep, it's halloween, and the kids are stirring. Screams rang out (from the adults) as lollies were danced for, begged for and complimented for. There were late nights, talking and laughter. All in all, it was a really successful camp with many students learning new things or pushing themselves into the learning pit and emerging the other side.

Knockout Sport

EXTRA-CURRICULAR NEWS

Basketball

Vs Birdwood

It was a beautiful day as the Keith 9/10 boys' knockout basketball team walked into the majestic Keith War Memorial Sports Centre on Thursday 28 September to play Birdwood High School. The gym reverberated with the sound of bounces, backboard thumps and the swish of nets. After four hard fought quarters, the Keith team ran out winners 66-46 and moved through to the School Sport SA Division 3 finals. Thank you to Andy Parker for coaching and Mandy Harper for umpiring the game.

Finals

The sun was yet to rise, the cold seeped into the bones, and the wind was relentless as the Keith 9/10 boys, Andy (coach) and Mr Chambers (Team Manager/Scorer) arrived at school to head to Adelaide for the Division 3 basketball finals. Heading off at 5.50am, they arrived at Wayville Sports Centre with a nice amount of time to warm up.

The boys played 5x20minute games throughout the day. Their first matchup was against Ocean View College which Keith won 22-11. Next up they played off against Seaford College which Keith again won, this time 39-12. Their third game was the hardest, coming up against Samaritan College. With about 6seconds left and scores tied, Samaritan were hit with a technical foul, which allowed Keith to sneak one point up before forcing a turnover and hitting another basket on the buzzer to win 25-21. Up next Keith moved courts and played Yorke Peninsula, coming away with a win 33-23. Lastly, they played Balaklava, winning 37-12.

With an undefeated 5 wins from 5 games, the Keith boys finished first place in the School Sport SA Division 3. Suffocating defense was played throughout the day; in the rare occasion opposition got past the steals and intercepts of back court players Travis, Dusty, and Jed, they were met by a flurry of blocks from front court players Tyson, Corri, Nash, Mitch, and Bailey. Combine this with an unselfish brand of offensive basketball, and it was no wonder Keith came out winners.

Back: Mr C, Bailey, Nash, Andy, Corri

Front: Jed, Dusty, Mitch, Travis, Tyson

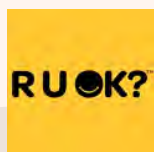

WELLBEING NEWS

RUOK Day - What is it all about...

CREATING A WORLD WHERE WE'RE ALL CONNECTED AND PROTECTED FROM SUICIDE

Week 8 of Term 3 saw a huge week of a variety of wellbeing activities. Thank you to everyone who supported the week and got involved in the activities on offer. It was a fantastic week of fun and activities including:

- Odd sock day - its ok to be odd or have an odd day
- RUOK day
- PJ day
- Walk to school
- Pancake breakfast
- Jump Rope for Heart
- Footy Colours day
- Games afternoon

Yuwonderie's seven founding families have lorded it over their district for a century, growing ever more rich and powerful.

But now—in startling circumstances—one of their own is found dead in a ditch and homicide detectives Ivan Lucic and Nell Buchanan are sent to investigate.

Could the murder be connected to the execution of the victim's friend thirty years ago—another member of The Seven—or even the long-forgotten story of a servant girl on the brink of the Great War?

What are the secrets The Seven are so desperate to keep hidden?

With the killer still on the loose, and events spiralling out of control, the closer Ivan and Nell get to discovering the truth, the more dangerous their investigation becomes. Can they crack the case before more people die?
