KEITH AREA SCHOOL
Issue 1 of Term 4,
5th November 2026

FROM THE PRINCIPAL - MRS JACQUI VANDELEUR

As we move further into Term 4, there is certainly no shortage of activity around Keith Area School! While it has been an extremely busy year, there is still plenty to look forward to as we work towards the end of the school year.

Congratulations to our Year 12 cohort on completing their official schooling. This is an important milestone, and we congratulate each student on reaching this stage of their educational journey. For those students currently sitting their final examinations, we continue to wish you every success. We look forward to celebrating with our Year 12 students at their upcoming Formal and Valedictory later this term, where we will acknowledge their achievements and the contributions, they have made to our school community.

Term 4 is always a busy time, with reports, swimming lessons, our end-of-year concert, Valedictory, excursions, camps and a range of other activities filling the calendar. I encourage all families to keep a close eye on the school calendar and regular communications to ensure you are up to date with the many events and important dates coming up over the next few weeks.

Congratulations to Mrs Capurso and the students who represented Keith Area School at the annual Festival of Music held in Mount Gambier. After many months of singing and training, their hard work certainly paid off. Thank you to the parents and family members who also supported the school in transporting their children to Mount Gambier on the Friday evening, I trust you enjoyed the night as much as the students.

Our final Student-Free Day (SFD) for the year will be held on Friday 20 November. Staff will use this valuable time to engage in collaborative planning using the South Australian Curriculum, ensuring that learning is purposeful, meaningful and relevant for our students. A key focus will be supporting students to understand the purpose behind their learning and how it connects to their broader knowledge, skills and experiences. Staff will also participate in class handover and transition planning to help ensure a smooth and positive start for students as they move into their new year levels in 2027.

CALENDAR DATES

Term 4

- 9 -11th November - SAPSASA Tennis State Carnival
- 9-11th November - Year 11 Outdoor Ed Camp
- 12th November - Lego League Excursion Mount Gambier
- 18th & 19th November - Kindy Transition
- **20th November - Student Free Day**
- 23rd - 25th November - SAPSASA Cricket State Carnival
- 30th Nov - 4th Dec - Swimming Lessons
- 30th November- Governing Council

FEEDBACK

At Keith Area School, we value the input that we receive from parents and community members. If you would like to provide the school with some feedback, there are many ways that you can get in touch with us. In person, speaking to a teacher, leader or another staff member. You can also provide us feedback in writing via a letter or email to dl.0757.admin@schools.sa.edu.au

KAS NEWSLETTER

FROM THE PRINCIPAL - MRS JACQUI VANDELEUR (CONT'D)

I am pleased to share that staffing for 2027 is now complete. We are looking forward to entering the new school year with a strong team of dedicated teachers and School Services Officers (SSOs). The commitment, expertise and care of our staff are central to the learning and wellbeing of our students, and I am confident that we have a strong team in place to support our school community into the year ahead.

As the weather continues to warm up, I would also like to remind families to ensure that students bring a hat to school each day. Sun protection remains important during outdoor learning, play and sporting activities, and we appreciate your support in helping students stay safe and comfortable.

Although the end of the year is approaching, there is still much learning, celebrating and connecting to take place. Thank you to our staff, students and families for your continued efforts, support and involvement throughout what has been an exceptionally busy year.
I look forward to seeing many of you over the coming weeks as we come together for the many events and celebrations that make this time of year so special at Keith Area School.

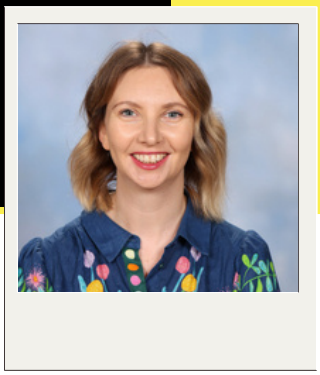

Kind Regards,
Jacqui Vandeleur
Keith Area School Principal

DEPUTY PRINCIPAL NEWS

MRS EBONY CAPURSO

South East Festival of Music

In Week 2, our talented choir took to the stage at the Sir Robert Helpmann Theatre as part of the South East Primary Schools' Music Festival, and I couldn't be prouder of every single one of them!

One of the highlights was seeing our students take their place in the front row of the combined choir, putting on a spectacular show for the audience.

A special congratulations to April, who was an outstanding co-compere for the evening and also performed three solos as part of this year's commissioned work. What an achievement!

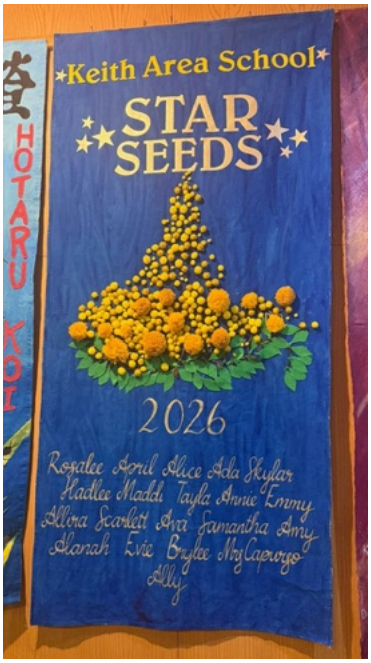

We were also incredibly proud of Ava and Samatha, who were exceptional members of the dance troupe, performing across all three nights of the festival. Ava also showcased her beautiful voice as one of the soloists for A Million Dreams. What an amazing experience for both girls!

Thank you to Ruby, who entertained guests as they arrived by playing in the concert band . What a lovely way to welcome the audience and set the scene for the evening!

While these individual achievements deserve to be celebrated, I am equally proud of our entire choir. Every student who stood on that stage contributed to something much bigger than themselves. They showed commitment, courage, teamwork and a willingness to step outside their comfort zones.

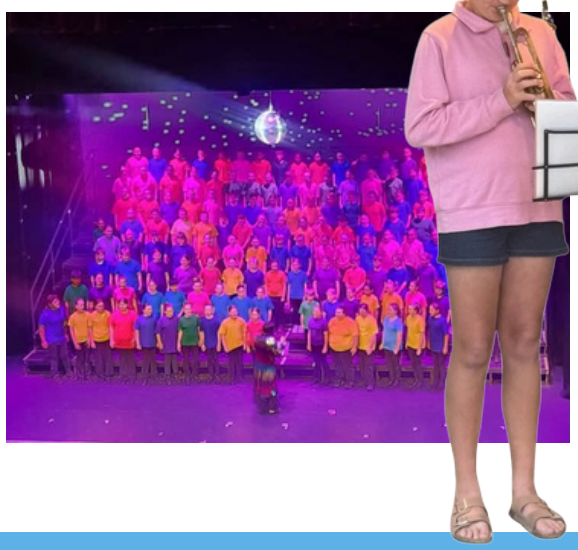

Singing together is about so much more than learning notes and performing songs. Music brings people together. It builds confidence, creates a sense of belonging and provides an opportunity to express ourselves, connect with others and experience joy.

A huge thank you to everyone who makes this festival possible and provides our students with such memorable opportunities to shine.

SENIOR SCHOOL NEWS

Mr Ben Lamont

Farewell and Good Luck Year 12S!

On Friday of Week 2 Year 12 classes officially came to an end for 2026. There was lots of fun had on the day as we farewelled our eldest students, highlighted of course by Aaron's infamous morning breakfast. Many students returned in Week 3 to complete those final pesky assignments and prepare for exams (all in Week 4), however I want to take this opportunity to wish them all the best for the next chapter. Well done parents/caregivers, family and friends who have all played a part in this amazing journey we call school. We cannot wait to hear about all the awesome things you are up to in the coming years and don't forget to come back and say hi from time to time. Congratulations class of 2026!

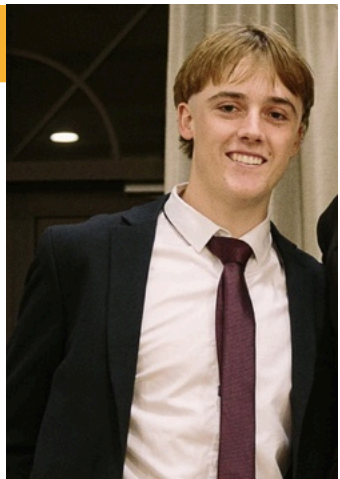

KAS Alumni Spotlight

As we farewell our current Year 12 students I thought I would highlight the achievement of a 2025 graduate who was recently elected "President of the Flinders University Hall Residents", Mr Jed Smith. Well done Jed, we are so proud of you. This is an outstanding achievement and one that will no doubt hold you in good sted in the years to come. This role is to lead the House Committee who organise social, cultural and sporting activities, and also work with Flinders Living staff and the other residential colleges to plan events.

SENIOR SCHOOL NEWS cont.

Mr Ben Lamont

RAP Presentation

On Friday of Week 2, our Year 10 and 11 students participated in the Road Awareness Program (RAP), delivered by the South Australian Metropolitan Fire Service.

The presentation focused on the importance of making safe and responsible decisions on our roads, highlighting the dangers of speeding, distractions, drink driving and peer pressure.

A particularly powerful part of the session was hearing from a guest speaker who tragically lost his teenage son in a car accident in Adelaide. His personal story provided students with a confronting reminder of the devastating and lasting impact road accidents can have on families and communities.

With many of our students beginning to drive or preparing to get their learner's permits, the session delivered an important message about road safety and the responsibility we all share as drivers and passengers.

We sincerely thank the MFS and our guest speaker for sharing their experiences and delivering such a valuable presentation.

2027 Preparations

Planning is well underway for the 2027 school year, with staff working closely with students to develop a senior school structure that provides a wide range of learning opportunities and pathways.

As we move closer to the end of the year, we encourage families to get in touch if students are considering changes to their subject selections, future pathways or plans for 2027. This is particularly important for students interested in pursuing a school-based apprenticeship or traineeship, as now is the ideal time to begin exploring these opportunities and putting plans in place.

Please don't hesitate to contact me at school if you have any questions or would like to discuss your child's options for next year.

MIDDLE SCHOOL NEWS

MR BEN JUDSON

THE POINTY END OF THE YEAR

We are fast approaching the end of a great year in the middle school! There have been some changes, but overall, I believe Keith Area School is playing to its strengths. In particular, with the transition from Primary to Secondary by giving the 5/6 students lots of engagement with our Secondary team. The Secondary facilities play a major role as well, supporting our Year 7s as they navigate their first year of High School

Keep an eye out for a Year 6 transition letter soon and remember to Save the Date for Year 6 Graduation.

STEPPING BACK IN TIME: YEAR 5/6 EXPLORE OUR MARITIME PAST

As we went about the day we were in 3 different groups and did 3 different activities. as we rotated though our activities. we got to experience a boat ride and had a possible chance of seeing dolphins. in another one of our rotations we got to work as a group and pretend we were about to leave on a voyage and we got different roles that we had to become. then we had seven minutes to explore and find on everything that we would need for our occupation. and the rest of the time we got to free roam and explore.

During our recent visit to the Maritime Museum in Port Adelaide on Monday, the 21st, we were completely immersed in the fascinating world of maritime history and nautical heritage. The museum's diverse collection included intricately crafted ship models, antique navigational instruments, and intriguing artifacts that vividly told the story of Australia's seafaring past. We eagerly wandered through the interactive exhibits, where hands-on activities allowed us to simulate navigating ships, understand the daily life of sailors, and learn about the challenges faced during long voyages in different historical periods.

On behalf of the Year 5/6 students, teachers, and parent volunteers, I would like to extend our sincere gratitude to the Maritime Museum for hosting our recent school excursion. Our visit was an absolute highlight of the term, providing our students with a unique opportunity to connect their classroom learning with real-world history. The museum's impressive collection and well-designed spaces allowed the children to fully immerse themselves in the stories of our seafaring past. We were particularly impressed by how accommodating and knowledgeable the staff were, ensuring our large group remained safe, organized, and deeply engaged throughout the day. Thank you for providing such a high-quality educational experience and for inspiring a renewed curiosity in our students.

Article compiled by Mia Stargatt

Back from the blue. Year 5/6 return from the port!

In week 10 last term, the year 5/6 classes had the time of their lives heading down to the Port Adelaide Maritime Museum. It wasn't ideal leaving at 7:00am! But other than that, it was a great experience and everyone had the best time .

We all learnt a lot about the port and how it was built but also how the people still work there today. Both 5/6 classes were very happy with how it turned out and would love to do it again! We also had a great time on the bus singing, and playing games throughout the ride and it was a very cool adventure and I wish I could do it all again.

By Lexie Altus

Why did the pirate visit the Port Adelaide Maritime museum?

To find his lost Arrrr-tifacts!

F to 4 Team

Term 4 – A Busy and Exciting Term Ahead!

Welcome to Term 4! We are looking forward to a busy and exciting term filled with wonderful learning opportunities, special events and celebrations. Term 4 always seems to fly by, so we encourage families to keep a close eye on their emails, as there is often quite a lot of important information sent home throughout the term.

Swimming Lessons

Preparations are well underway for our upcoming swimming lessons. We are very fortunate to have an experienced and dedicated team of swimming instructors on board at Keith Area School, and we are looking forward to another fantastic swimming program. A timetable and further information, including what students will need to pack each day, will be sent home closer to the date.

Class Movie Excursion

We are also excited to share that the Tatiara District Council has kindly offered to organise and host our class movie experience again this year. Students will walk over to the Keith Institute to enjoy a movie together. We sincerely thank the Tatiara District Council for their generosity and ongoing support of our school community. It is a wonderful opportunity for our students to enjoy a special experience together as we approach the end of the year.

Christmas Concert – Wednesday 9 December

Preparations are already underway for one of the most anticipated events on our school calendar – the Christmas Concert! Students and staff are busy preparing what promises to be another wonderful evening of entertainment.
Families and friends are warmly invited to join us, with a BBQ dinner available for purchase from 5:00 pm, followed by the concert commencing at 6:00 pm. We look forward to seeing our school community come together to celebrate the talents and hard work of our students.

F to 4 Team

Welcoming Our 2027 Foundation Students

Over the coming weeks, we are looking forward to welcoming our 2027 Foundation students as they begin their transition to school. This is always such an exciting time as our newest students become familiar with their classrooms, teachers and the wider school environment. A Parent Information Session will be held on Thursday 19 November at 5:00 pm, providing families with important information about starting school and an opportunity to ask questions.

Transition into 2027

During the final week of school, students in our Junior Primary and Primary corridors will participate in transition activities to help prepare them for the following school year. These opportunities allow students to become familiar with new learning environments, routines and expectations. We recognise that transition can bring a mixture of excitement and nerves for some children. Our staff will work together to make this process as positive and supportive as possible. If you have any questions or concerns about your child's transition, please don't hesitate to speak with their classroom teacher.

A Wonderful Way to Finish the Year

Term 4 is always fast-paced and full of activity, but it is also one of the most enjoyable times of the school year. There are so many opportunities to celebrate student achievements, enjoy special experiences and come together as a school community.We thank our families for their ongoing support and look forward to seeing parents, carers, grandparents and friends at the many events and celebrations throughout the term.
Here's to a fantastic finish to 2026!

REMINDER:- OVERDUE ACCOUNTS

SCHOOL FEES - CAMPS - EXCURSIONS - OVERDUE BOOKS

Thank you to the familes who have paid or are paying off their current outstanding accounts. However there is still a large amount of unpaid accounts for school fees/camps/excursions and overdue book fees.
There is an expectation these are paid in a timely fashion and If you are having financial difficulty with paying, there are options on how to keep on track:
Monthly statements are emailed to families and are detailed as to what is outstanding.

- Payment plan - see the front office for forms on how to pay. These are either weekly or fortnightly at your preferred payment amount.
- Apply for a School Card on the website. This is allocated from your 2024/2025 family taxable income amount and the school is notified if your are eligible to receive the full fees paid for via the Government.
- instalments via the Qkr! app.

APPLYING FOR A SCHOOL CARD

All types of School Card applications are now online.

You can access the online forms from any device that gets internet, including mobile devices, such as tablets and smart phones, as well as laptops and computers.

Applying online is easy! Simply follow the steps below.

STEP 1

Visit sa.gov.au/education/schoolcard

STEP 2

Select thetype of School Card you would like to apply for (for example 'Type A') and follow the prompts.

STEP 3

Completeall mandatory fields.
Please note: you cannot submit your application unless all mandatory fields are complete.

STEP 4

Onceyouhave completed a page click on the 'NEXT' button.

STEP 5

Onceyouhave filled out all pages click the 'SUBMIT' button.
Please note: if youexittheformwithoutclicking'SUBMIT'your details will be lost.

You can save the form, and return to complete it at another time, by clicking on the 'SAVE' button.

THE AGRICULTURE TIMES

ISSUE 003 - FROM PADDOCK TO PODIUM!

MOUNT GAMBIER SHOW

On Wednesday of Week 2, Mr Wotton and students Sophie E, Ruby E, Aubrey V, Paige S, Lucy S and Charlotte Z attended the Mount Gambier Show with our steers, Argio Park Nemo and TFI Dangerous Dan.

Both steers were presented to a high standard after being fully clipped at school by Sophie and Haydn B. Their hard work paid off, with Nemo being pulled forward into the front line of the Best Presented Animal competition from a field of nearly 30 animals. This was a great result and a credit to the effort Sophie and Haydn put into preparing the animal.

A special thank you to Thomas Foods International, who continue to be incredibly generous supporters of our Show Team. Once again, they donated Dangerous Dan, our black Angus steer, to the KAS Agriculture Program. Dangerous Dan went on to finish 3rd in his class on the hook, a fantastic result for the team.

Well done to all the students involved for their efforts in preparing and presenting our cattle.

THE AGRICULTURE TIMES

ISSUE 003 - MOO-VING UP THE RANKS AT THE ROYAL MELBOURNE!

MELBOURNE ROYAL SHOW

We had a fantastic week at the Melbourne Royal Show, with our Agriculture students taking two steers across the border to compete in the Led Steer Competition for the first time.

While we were fortunate enough to pick up a couple of ribbons along the way, the real success of the trip has been the experiences, opportunities and learning that our students have gained.

Preparing cattle for a major show is no small undertaking. Our students have spent months feeding, handling, washing, grooming and preparing their steers, developing practical skills in animal husbandry, livestock nutrition and cattle handling. Melbourne provided an opportunity to put those skills to the test against some of the best school and commercial cattle exhibits in the country.

Beyond the competition itself, students had the opportunity to meet people from other schools, speak with industry representatives, observe different approaches to preparing and presenting livestock, and develop a greater understanding of the beef industry. There is an enormous amount to learn simply by being surrounded by people who share an interest in agriculture.

Of course, the experience extended well beyond the cattle sheds. Melbourne is a city of more than five million people, which is quite a change of scenery for students growing up in Keith! Navigating a major city, experiencing the atmosphere of the Royal Show and spending several days away together have all been valuable parts of the experience. There have certainly been plenty of laughs and a few memorable moments along the way.

A particularly big thank you must go to the staff and students from Grant High School and Allendale East Area School, who were incredibly generous with their time, knowledge and assistance. As newcomers to the Melbourne Royal, we were very grateful to have experienced schools willing to show us the ropes, answer our questions and lend a hand whenever needed. The camaraderie between schools has been one of the real highlights of the trip.

We must also extend a huge thank you to our generous Agriculture Program sponsors, whose ongoing support helps make opportunities like this possible. Transporting cattle, accommodating students and attending a major interstate show comes at a considerable cost. Without the support of local businesses and our wider agricultural community, these experiences would be far less accessible to our students.

Our thanks go to our sponsors for their support of our Agriculture Program.

SPORT
SNAPSHOT

🏉🌟 Congratulations, Tess! 🌟🏉

Congratulations to Tess, who proudly represented the Upper South East in football this week!

Tess was especially excited to have the honour of captaining the team, leading them through a fantastic carnival where they finished 3rd overall! What a wonderful achievement and a fantastic leadership opportunity.

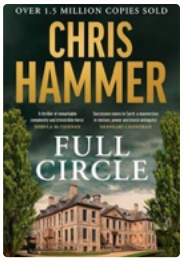

On Thursday 29th October, 5 Keith students attended the Mt Gambier Ambrose Golf Day. Jax, Digby and Hayden scored a stroke score of 84, while Zane and Ashton scored 89. Thank you to Mr O'Connor and Mr Chambers for transporting and providing supervision at the event.

CHILDREN'S FICTION

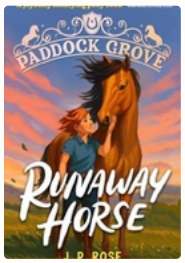

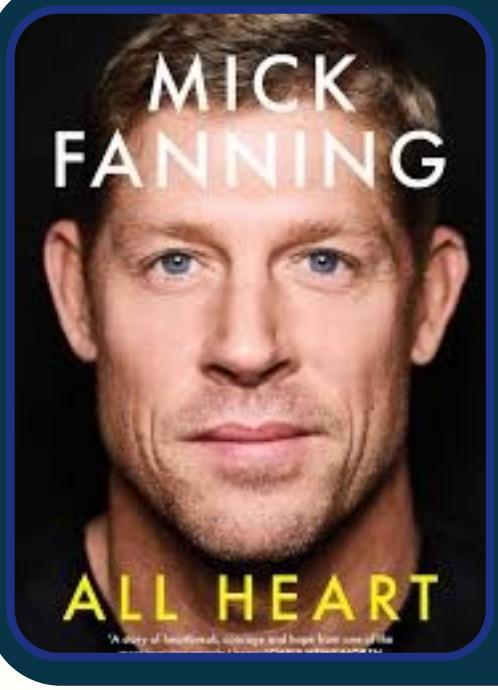

FEATURED TITLE: All Heart

Mick Fanning
Non Fiction - Autobiography

Deeply personal and inspirational, All Heart is the definitive memoir of one of Australia's greatest sporting heroes: Mick Fanning.

Most people know Mick Fanning as the surfer who won three world titles. Some know him as the bloke who punched a shark. But that's only part of the story.

All Heart is about growing up in a loud, loving family. It's about chasing a dream and experiencing the highest of highs. It's about being broken into pieces by unimaginable loss; about three brothers and a father dying too soon. It's about doing whatever it takes, and learning whatever you can, to find your way again.

With honesty and humility, Mick opens up about the moments that shaped him – the wins, the waves, the parties, the people he lost, the mates who never left, and the family that helped him on his journey.

All Heart is more than the story of a champion surfer and global sporting icon. It's the story of a man who took life's hardest knocks on the chin and kept on pushing forward, and a reminder that our greatest achievements aren't always the ones the world gets to see.

'A story of heartbreak, courage and hope from one of the most inspiring people I know.' Chris Hemsworth

Libraries SA

KEITH COMMUNITY LIBRARY

A Big Thank You to the Keith CWA!

A huge thank you to the Keith CWA ladies, who have generously donated a complete set of George the Farmer books to the Keith School and Community Library!

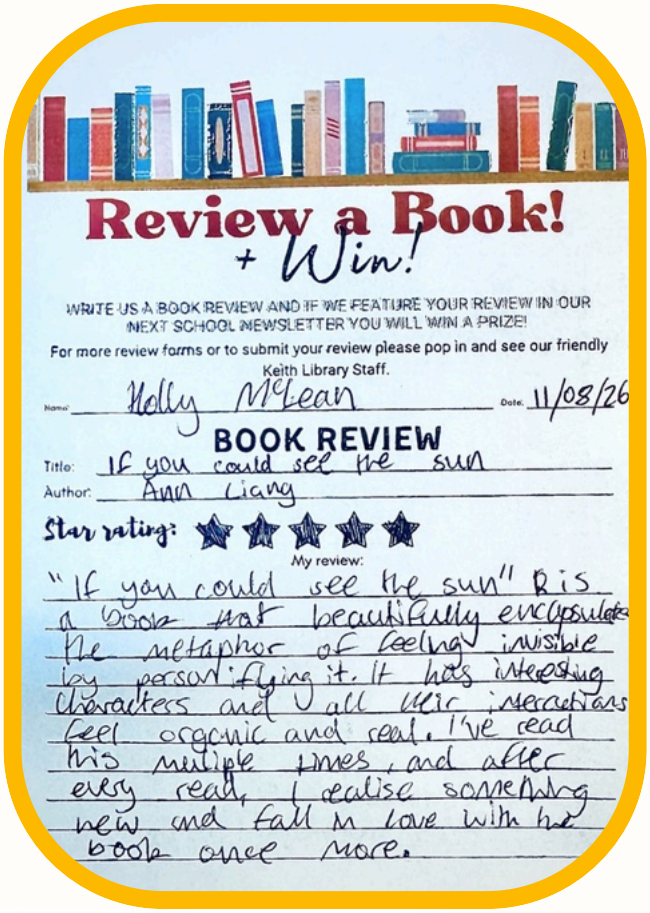

These books are always a hit with the children in our community, combining fun stories with valuable learning about farming, agriculture and life on the land. We know this wonderful collection will be enjoyed by many of our young readers for years to come.

Even better, George the Farmer was created by Limestone Coast local Simone Kain, making this donation a fantastic opportunity to celebrate and support a local creator who is doing such wonderful things to promote our region's agricultural industry.

We are incredibly grateful to the Keith CWA for their generosity and for helping us provide our children with engaging stories that celebrate the farming communities we call home.

Thank you for supporting our little library and our love of reading, learning and all things farming!

Book Reviews Are Back - Share What You're Reading!

We've had so many fantastic new books arrive in the library recently, and we thought it was the perfect time to bring back our Book Review section in the newsletter!

Have you read something amazing lately? A thrilling adventure, a hilarious story, or a book you just couldn't put down? We'd love to hear what you think! Sharing your reviews is a great way to help other readers discover their next favourite book.

Each newsletter, we'll feature a selected book review, with a small prize for our lucky reviewer!

Reviews don't need to be long – just a few sentences telling us what the book is about and why you would (or wouldn't!) recommend it.

So, encourage your child to share their thoughts on a great read, or why not write a review yourself? Book Review slips are available from the library front desk, or you can email your review to keith.library@libraries.sa.gov.au.

We can't wait to hear what you've been reading and share some of your wonderful recommendations in our next newsletter!

KEITH COMMUNITY LIBRARY

OCTOBER HOILIDAY FUN!

Our first week of the school holidays in the library was filled with creativity and fun! We hosted two craft sessions, with a small group of children joining us to decorate their very own slap bands. Later in the week, a larger group dropped in to design and decorate their own library bags.

It was wonderful to see so much creativity and imagination on display, with some fantastic young artists in both groups! We loved seeing each child put their own unique spin on their creations.

bugs n slugs

In Week Two of the school holidays, a big group of children joined Kris and James from Bugs n Slugs for a very squirmy experience. It started with all the children on the floor and Kris explaining all of the interesting insects that she had brought to show us in the display. Then on a selection of about 5 small tables there were bugs and slugs all individually housed by type in a small environment that attendees could view and touch. Some brave children had stick insects crawling up their arms and beetles creeping on their hands. There were hundreds of silk worms, happily munching some mulberry leaves and a couple of monarch caterpillars eating fresh leaves. There was even a display of real monarch in a chrysalis – unfortunately the young butterfly wasn't ready to come out on the day! There was also an enormously long stick insect, who will grow to double its current size.

Some slimy snails and slugs and a beautiful centipede were only some of the stand out displays. The children then sat on the floor again for any questions. We ended the session with a big Keith thankyou to Kris and James. Thankyou for coming from Adelaide to share their magnificent collection of bugs and slugs and all things creepy crawly with us.

Thankyou Bugs n Slugs, we loved it!

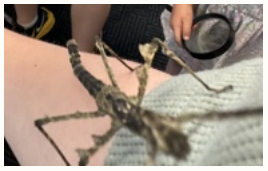

xx Paula
